60" x 36"

Our framing kits allow for quick and easy installation of any appropriately sized window with a vinyl nailing strip. Window not included.

Standard height containers (8'6" tall) should use windows 30" tall and high cubes (9'6") should use 36" tall windows for a proportionate appearance and to provide proper clearance for framing and interior lining.

Engineered framing kit is laser cut with all perfectly matched, symmetrical hole locations for quick, easy and clean install. The folded profile sheds water perfectly.

Comes with powder coated frame components, all necessary hardware and edge trim for top of window for clean appearance and water shed seal.

Size	Framing Kit	Total Installed
30x36	\$395	\$745
